

Pharmacy opening times in East Ayrshire

With many GP practices and pharmacies closing for the May holiday (Monday 29 May), East Ayrshire residents are being urged to prepare to cope with any common health concerns.

Community pharmacists can answer questions on choosing and using the right medicine and provide easy-to-understand advice on treating everyday ailments such as coughs, colds and flu. NHS 24 also has a number of community pharmacists who are able to answer medicine and pharmacy-related questions over the telephone on freephone 111.

You can also do a number of things to ensure you are prepared to deal with common illnesses for the coming months. Have a sufficient supply of medicines like paracetamol, sore throat and cough remedies, as these will help to relieve the symptoms of common ailments. If you take regular medication, check your existing supplies and only order what you need to ensure you have enough to see you through the bank holiday weekend.

What your community pharmacist can do:

- If you qualify for the Minor Ailments Service your community pharmacist may prescribe medication for you following a consultation.
- Give you advice on the best way to take your medicines.
- Give women advice and supply emergency hormonal contraception.
- Dispense prescriptions.
- Give advice on diet and exercise.
- Give advice, support and where appropriate, prescribe nicotine replacement therapy to those giving up smoking.
- Hold records of your medicines to ensure that the safety of any future medication is checked.
- Provide a private area to discuss sensitive issues.
