Bumper donation to Gyn-oncology service

The Gyn-oncology service at University Hospital Crosshouse has received a bumper donation from a member of staff and her family.

Staff Nurse Jacqui Houston along with her sister, Rona and brother-in-law John Unwin (all from Dalry) raise money for different charities with their annual fundraiser. This year they decided to donate the money to the Gyn-oncology service. Their annual event in Dalry raised £1,200, which was kindly matched by Rona and John’s employer, Chivas Brothers Ltd, to bring the total to a fantastic £2,200.

Rhona Scott, Gyn-oncology Nurse Specialist, commented: “We would like to say a big thank you to Jacqui, Rona, John and everyone who was involved for this kind donation. The money raised will go towards providing additional support and equipment for our patients.”
