

## How will personal and clinical information be looked after?

We will ensure that your personal information is only accessible to authorised people. Our staff have a legal and contractual duty to keep personal health information secure and confidential. To find out more about current data protection legislation and how we process your information, please read the Data Protection Notice at [www.nhs.uk](http://www.nhs.uk) or ask a member of staff for a copy.

Personal and clinical information about individuals and the care provided will be securely stored and held in our Health and Social Care Information Systems. It will only be viewed by staff involved in providing care. The appropriate viewing of information is routinely audited by our staff.

Information may be shared between NAHSCP staff involved in an individual's care. This will help ensure that care is better co-ordinated; information is easy to access and is focused on the best outcome for the individual.

In crisis and out of hours situations, other clinical staff from across Ayrshire Health and Social Care Partnerships can, if required, access personal and clinical information without the need for consent. The Health and Social Care Partnerships' staff will access information to help them decide how best to provide care for individuals.

## Accessibility

All of our publications are available in different languages, larger print, braille (English only), audio tape or another format of your choice.

Wszystkie nasze publikacje są dostępne w różnych językach, dużym drukiem, brajlem (tylko w wersji angielskiej), na taśmie dźwiękowej lub w innym formacie Twojego wyboru.

## NORTH AYRSHIRE Drug and Alcohol Recovery Service

Recovery is happening in North Ayrshire

*Committed to the  
protection of children  
and vulnerable adults*

*No wrong door approach  
that benefits individuals,  
families, carers and  
communities*

## What is NADARS?

NADARS (North Ayrshire Drug and Alcohol Recovery Service) is an integrated Health and Social Care service.

The service is available to anyone aged 16 years and over.

## Who can refer to NADARS?

Anyone can refer – individuals, family, carers, GPs or service providers.

You may be offered additional support from the local P.E.A.R service at any stage of your journey.

## Who will I see and what will happen?

You could meet a wide range of professionals.

These might include nurses, social workers, addiction workers, support workers, psychological therapists, occupational therapists, consultant psychiatrists, GPs and pharmacist prescribers.

We will work with you to complete an assessment based on your strengths, goals and wishes.

You will be involved in reviewing your recovery care plan and your family will be invited to be part of this process.

## What support is available for me?

We work with you to create a recovery plan that meets your needs:

- Support to stop taking drugs and alcohol
- Medication Assisted Treatment and recovery support
- Injecting equipment provision (needle exchange)
- Mental Health related support
- Evidence-based psychological interventions
- Social work assessment and social care support
- Parenting support
- We'll meet regularly to chat about how you are progressing
- Regular support can include home visits and support to attend appointments. This support can include home visits, clinic appointments and telephone contact
- We offer group work programmes to help improve self-confidence and self-esteem
- Occupational therapy support
- Physical and sexual health interventions
- We will also support you to access our local residential facility in Ward 5, should you require hospital based detoxification and rehabilitation support
- We will provide community follow-up support to individuals following a non-fatal overdose

## Working in partnership with P.E.A.R

Turning Point Scotland's North Ayrshire Prevention, Early Intervention And Recovery Service (P.E.A.R) aims to promote a culture of recovery across North Ayrshire.

We offer support to you to reduce or abstain from your drug or alcohol use.

We also offer 1:1 and group family and carer support.

## Sharing of information

There may be occasions when NADARS will need to share information with other services to protect children and vulnerable adults. We will also keep your GP updated as to your progress.
